Zürich, 16.06.2025

To whom it may concern

Name: Bittner, Peter Hans

Date of Birth: 15.06.1975

Mr. **Peter Bittner Hans**, born on **15th June 1975**, was employed by Nicoll Curtin Technology GmbH from 15th November 2023 until 28th February 2025. During the entirety of this time, he was assigned as a full time **Senior Python Developer** to our client, **Julius Bear** in Zürich.

His duties as a business analyst included among others:

- Development of system and interface extensions for the Financial Instruments Master, based on Temenos Datasource (TDS)
- Lifecycle management (hardware/software)
- Programming using Python and Pandas
- Preparation and execution of the deployment process with Jenkins, Nexus, and Octopus across various environments (DEV, SIT, UAT, PROD)
- Further development and maintenance of the deployment process and version control using Bitbucket and Git
- Data corrections via SQL, complex database queries, and data migrations
- Performance optimizations (analysis/tuning)
- Error analysis on Linux (Java stack traces, scripts, OS tools)
- Active participation in projects

Mr. Bittner is a highly dependable individual, whose team-oriented and pleasant manner was always appreciated by his superiors and colleagues. His excellent communication skills and ability to adapt to new challenges quickly made him an indispensable member of the team.

Mr. Bittner is leaving us due to the client's decision to cut the budget for his role. While we regret the circumstances leading to his departure, we would like to sincerely thank Mr. Bittner for his excellent work and strong commitment throughout his assignment.

We wish him all the best in his future endeavours and have no doubt that he will continue to excel in his career and be a valuable asset to any organization.

Kind Regards,
Nicoll Curtin Technology GmbH
